

Weddings with

www.VeneriaPhoto.co.uk

Welcome to VeneziaPhoto Wedding Photography

We've been shooting weddings since 2010, across Cheshire and North Wales at a variety of Venues. We offer a relaxed but professional approach, shooting both formal and informal images of your special day that allows us to capture the complete story as the day unfolds.

About Us

VeneziaPhoto are a Team of three, Phil, Rachel and Adele. Phil and Rachel are the photographers, Adele is invaluable in keeping things moving along smoothly by rounding up family and friends and also ensuring the brides dress looks perfect for the photographs. Both Phil and Rachel shoot professional quality Nikon cameras, lenses and flash gear. We are unobtrusive and work with your venue and videographer to ensure your day is as special and romantic as is possible.

Questions

Do you have insurance?

Yes we have Public Limited Liability insurance for peace of mind with AXA for £1,000,000 - certificate can be provided

Can I get a copy of my photo's on USB Drive or DVD?

Absolutely yes. We'll edit up the photographs, discard those where there's issues (eyes shut for instance) and provide them back to you on DVD/BluRay and/or USB drive

Will I get the copyright?

If you google around you'll soon find the photographer always retains the copyright.

What we do provide is an unlimited copyright grant that will allow you, family and friends to print.

Can we see more of your Images?

Sure, head across to <http://vенеziaphoto.co.uk/index.php/weddings>

Have you ever shot at our venue?

That depends, if you can see it on our list then clearly yes, if not ask. If we haven't visited the venue before we will scout it out in advance.

Even if we have shot there before we'll still take an early look to see what, if anything has changed

Is a Wedding Album included in the price?

With all the many different types, styles and sizes we couldn't possibly put a list together or include in our pricing. What we do have is a proper sampler album to show you, plus some photobooks, to give you some ideas. If indeed you do want an album and we can share some styles etc, then we can work up a price

How do you cope with Covid Limited Wedding?

All the weddings we had booked for 2020 have been Postponed, we will of course follow the relevant and current central and local government advice to include use of face masks etc

Kind Words

“Where do I begin? I really can't say enough wonderful things about Phil and his team. They have knack for making you feel completely at ease in front of the camera! From the very beginning Phil was friendly and helpful. Nothing was too much trouble!

“We really are over the moon with the huge collection of fabulous wedding photos we have to remember our special day and cannot recommend Venezia Photo highly enough. They exceeded expectations in every possible way

“We really are absolutely delighted with the pics. I've looked at the album twice already this morning I just love it!

“Thank you so much for the photos. Julie and myself are over the moon with them!

Thank You
